

In 2010, the ISEAS Library received 900 books and manuscripts from Mr Toshio Egawa, former Managing Director of Minebea Corporation and Konica Corporation, Japan. This was followed in 2016, 2017 and 2018 when Mr Egawa further donated his life-long private archive collection, including over 1,000 treasured calligraphic works, historical letters and manuscripts, philatelic collections, photographs and paintings related to prominent figures in Meiji-Taisho Japan, and handwritten research notes on a wide spectrum of subjects such as history and politics, as well as more than 1,300 books that he had collected or consulted in his research.

This 2019 expanded catalogue presents the full extent of Mr Egawa's collection at the ISEAS Library. It is a gateway not only to the study of Japanese culture and history, but also to Mr Egawa's deep insights into art, philosophy and history.

2010年日本の元ミネベア常務取締役と元コニカ常務取締役の江川淑夫氏が900冊近くの書籍や原稿をISEAS図書館に寄贈して下さいました。さらに2016年、2017年、2018年と江川氏が生涯に渡って集めた収集品を寄贈して下さい、これには明治、大正時代の日本の著名人による1,000点以上もの書道作品、歴史的書簡、原稿、切手収集品、写真、絵画などがあります。また歴史・政治など幅広い分野の手書きの研究メモや江川氏が自らの研究のために集め利用した1,300冊以上もの書籍をご寄贈下さいました。

今回の2019年拡大版目録にはISEAS図書館における江川コレクションの全てが網羅されています。日本の文化、歴史の研究のみならず、江川氏の芸術、哲学、そして歴史への深い洞察力を知る入口となることでしょう。

The **ISEAS – Yusof Ishak Institute** (formerly Institute of Southeast Asian Studies) is an autonomous organization established in 1968. It is a regional centre dedicated to the study of socio-political, security, and economic trends and developments in Southeast Asia and its wider geostrategic and economic environment. The Institute's research programmes are grouped under Regional Economic Studies (RES), Regional Strategic and Political Studies (RSPP), and Regional Social and Cultural Studies (RSCS). The Institute is also home to the ASEAN Studies Centre (ASC), the Nalanda-Sriwijaya Centre (NSC) and the Singapore APEC Study Centre.

REFERENCE PUBLICATIONS

This section contains 2,188 titles of books, periodicals and printed maps that Mr Egawa acquired and consulted in his research and writings on various subjects, particularly those related to art, history and political science. The majority of these publications are in Japanese and English, some of them are antiquarian volumes printed a century or two ago. Also included in this collection are nine books written by Mr Egawa himself, sharing his views on philosophy, art collecting and business management, as well as six collection catalogues featuring Mr Egawa's donations to various institutions in Japan and Singapore.

Of special note are about 40 works on Waka, Tanzaku and Shikishi, which in themselves are a valuable collection that complements Mr Egawa's collection of calligraphic works (see Section One in Volume I of this catalogue), including very important and rare Tanzaku catalogues published in the 1920s. See for example citations no. 1795, 1796, 1797 and 1805 in this section. Other gems in this collection include several very rare European publications, among these two from the late 16th and early 17th centuries, closely related to Japan (citation no. 1673 and 1705); and a copy of *Almanahul Universul* (citation no. 1087) that was specially bound for presentation to Prince Kuni on the occasion of his visit to Bucharest in the early 20th century. Several of these titles such as *Acta Consistorii* and *Nowiny* are not only important because of the rich information content; their limited print run also makes them rare and much sought-after in the internal antiquarian market.

No. 292, Z3309 T31

No. 1705, BV3443 C36

According to Mr Egawa, he has also placed high value on publications on Mongolia and Northeast China, many of which were published by Tōa Kenkyūjo (東亞研究所) as they are not just ordinary publications but contain reports and maps. He further shared that publications from the period when Mongolia was under Japan (1937-1945) are rare and of significant historical value for both China and Japan. See for example maps in citations no. 623, 627 and 630.

Finally, more than 150 of the titles in the collection are biographies of historical personalities from fields such as politics and literature, including a small collection of works on the renowned author Yukio Mishima. Mishima's novel *Utage no ato* 宴のあと (citation no. 1389), which depicts the relations between Hachiro Arita (Foreign Minister of Japan in the 1930s) and Madam Azegami (proprietress of a club) in a scandalous tone, also forms part of this collection. Collectively, these materials provided indispensable references for Mr Egawa's research into these topics of his persistent interest, and served as useful materials for some of his writings, including his book *The Criteria for Those Who Reach the Top: To Lead with Mind and Heart*.
